4th Symposium 2026

Shared Ethics Across Faith Communities

11th April 2026

10.00 am – 3.00pm

We are pleased to present our 4th Annual Abbey Multi-Faith Symposium to the wider Moreton Bay region and beyond.

The event will explore inclusive, ethics-based foundations shared across faith community organisations, bringing together representatives of the Abrahamic faith family. We will investigate whether shared ethical principles could become a unifying, peacemaking bond between different faiths, providing us with a more peaceful and harmonious world in which we live.

The program will feature a keynote address, followed by a Q&A panel with the different faith representatives, creating space for respectful dialogue, reflection, and community connection.

All are welcome. Join us in building understanding across faiths.

Register now to be part of this important conversation.
